

Media Release

Car and truck toll CPI adjustment

Media Release

Monday, 13 December 2010

A CPI-based toll increase for cars and motorbikes (class 2 vehicles) and trucks (class 4 vehicles) on the M2 will take effect from 12.00 am 1 January 2011.

The toll increase is in line with the original concession deed signed in 1994 and is linked to the Consumer Price Index (CPI).

The toll for cars and motorbikes passing through the Pennant Hills Rd Toll Plaza will change from \$2.20 to \$2.75.

"The increase in the toll for cars was the first for six years with the last increase occurring on 1 January 2005," A Hills M2 spokesman said.

The toll for cars and motorbikes using the Main Toll Plaza at North Ryde will not change.

The toll for trucks will also change from \$7.10 to \$7.70 at Pennant Hills and from \$14.50 to \$14.80 at the main toll plaza.
